

**Is this session being recorded?**

The Judging Webinar was not recorded. The presentation and this Q&A are available on [massftc.org](http://massftc.org).

**The Qualifier Information document indicated that the Portfolio was a 15-page pdf.**

The Team Qualifier Information document has been updated to: a 15-page Portfolio (plus cover). This is a 16-page pdf.

**Does it matter what font you use for the engineering notebook and engineering portfolio?**

The font size is specified in Game Manual Part 1 for the Portfolio. There is no requirement for the Engineering Notebook. The font type is not specified, but should be readable by the Judges.

**Will the engineering notebook still be submitted, or solely the engineering portfolio?**

Only the Engineering Portfolio will be submitted. The Judges could ask to review parts of the Engineering Notebook during the call-back interview.

**Will screen sharing be allowed during the judging presentation?**

Teams will be allowed to screen share during the interviews.

**Where can the schedule be found?**

The Judging schedule is available on the Scoring Hub. Please contact [massftc@gmail.com](mailto:massftc@gmail.com) if you are having difficulty with the scoring hub. Directions were sent to all teams and are available on the FIRST website <https://www.firstinspires.org/resource-library/ftc/game-and-season-info>

**What if we have technical issue during our session, will there be different session provided?**

Every team will have a 15-minute interview. Schedule changes due to technical difficulties will be handled on a case-by-case basis.

**If your team has worked together as a small pod, is it better to separate onto separate zoom sessions, or meet together with part of the team on 1-camera?**

The teams should follow COVID-19 protocol and do what works best for the team.

**Are mentors going to the judging interview?**

Mentors are welcome in the Judging room as an observer and must remain muted and not participate in any way.

**Can the boxes in the Control Award template be expanded as long as the submission is still within the page limit?**

The Control Award form was sent to teams. It is a fillable form that must be used.

**Can mentors move the robot if their kids hold the camera from their homes?**

Mentors can only observe and not participate in any way.

**Is there a time limit on the video we should send of our robot?**

The General match video should be the length of a match ~ (2.5 minutes + 8 secs for the time between autonomous and driver-control). The control award video should show the robot performing the tasks outlined in the Control Award Application.

**Are our matches being recorded as a video and being submitted or is it a live meeting?**

Teams run their matches and enter the scores remotely. There will be no live scoring, only Judging via Zoom.

**How does Event #3 differ from events 1 and 2? Can you compete in more than one session?**

Event 3 will have the same format as Events 1 and 2. It is the second opportunity for teams to qualify for the State Championship.

**How many teams qualify from each event? How many teams at states?**

At least eight teams will advance from each qualifier. The number of teams at the State Championship has not been determined yet.

**When will the call-back interviews end?**

Call-back interviews are scheduled to end at 5 pm.
